Dear Customer,

Graham Engineering (Essex) Limited
Graham Spares and Service Limited

I am extremely pleased to inform you that Graham Engineering (Essex) Limited and Graham Spares and Service Limited have been acquired by the Accraply division of the US-based Barry-Wehmiller Inc.

With Annual revenues expected to reach \$1.2 billion in 2010, 65 locations worldwide and over 5,400 team members, Barry-Wehmiller will bring exciting new opportunities for the Graham Labelling and Sleeving brand, and for our global customer-base.

Whilst we will operate as Accraply Europe Limited, we will be retaining the well-respected Graham brand. Furthermore, all employees remain in place, and manufacturing remains at the Brightlingsea factory in Essex, in the UK. So, you will be able to continue contacting us using all previous methods via agents, distributors, email addresses, telephone and fax numbers and postal address, as well as through our new US office at Accraply Inc, 3580 Holly Lane North, Plymouth, MN 55447 (tel: +1 763 557 1313).

As we join forces with the long-established Accraply brands of self-adhesive labelling equipment, Trine roll-fed labelling equipment, and Stanford shrink sleeve and flexible packaging converting equipment, we are honoured to have you as a customer, and look forward to serving your equipment and after sales requirements for many years to come.

Should you have any questions or concerns, please feel free to contact me or any of my colleagues at Accraply Grahams.

Yours sincerely,

Tony Couling
Operations Manager
